Dn. B. J. Kendall. & Co., Gests: In teply to your letter I will say that my experience with Kendall's Spayin Cure has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it cured a horse of lameness caused by a spayin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I found that a ring-bone was forming, I procured a bottle of Kendall's Spayin Cure and with less than a bottle cured him sp that he is not lame, betther can the humon be found.

B. J. Kembalt & Co.—Genus:—I wish to add my testimeny in favor of your invaluable linimant, "Kendall's historic Care." In the spring of 1862 I ellipped on the ire and sprained my right limb at the knee joint. I was very lame, and, at times, suffered the most excruciating pain. I were a bandage on it for over a year, and tried most everything in my reach, but could find mothing that would give me permanent relief. When I overworked, it Would pain me very much. In April, 1878, I began to think I should be a cripple for life, but, having some of "Kendall's Spavin Cure," thought I would try it. I used one-third of a bottle, and experienced relief at once.
